Dealer Rewards & Referral Module — Demo Guide

Document Reference: ASM-REV-2026-v2 | **Release:** Interactive Demo / MVP Version | **Author:** Tech & Product Team

Executive Summary: We have implemented the complete end-to-end **Dealer Rewards Module** and **Customer-Contractor Referral Ecosystem** as specified in the corporate commercial blueprint. The application is equipped with an interactive mock state engine allowing management to test live point accruals, progressive volume multipliers (+20% & +50%), catalogue merchandise claims, and two-way referral binding in real time.

1. How to Test the Demo Step-by-Step

Follow these exact steps during your review or presentation:

- **Step 1 — Launch & Role Selection:** Open http://localhost:5173/ in browser. On the Welcome screen, tap *Get Started* to land on /role. Choose **Dealer** and click *Continue as Dealer*.
- **Step 2 — Dealer Home Workspace:** You will immediately see the **Dealer Wallet Card** (14,850 Available Points, Gold Dealer status, Lifetime 32,400 Pts, and 17,550 Pts redeemed). Notice the new ■ **Rewards** tab in the bottom bar.
- **Step 3 — Open Rewards & Multipliers:** Click the *View Slabs* ➔ button or the bottom **Rewards** tab to enter the flagship Rewards Module (/app/rewards).
- **Step 4 — Explore 3 Distinct Views:**
  - ■ **Dealer Tab:** View the 6-Step System Architecture, Progressive Slabs Table, Recent Customer Invoices, and the 5-item Merchandise Catalogue.
  - ■ **Referral Tab:** View Customer Invite Code (AMBA-CUST-8812), WhatsApp share action, 08/02/06 real-time metrics, and Enterprise Fraud Controls.
  - **Simulator Tab:** Move the order slider or tap **[Rs. 50,000 Bonus]** or **[Rs. 1 Lakh Bonus]** and tap **Confirm & Dispatch**. Watch wallet points credit dynamically!
- **Step 5 — Claim Physical Gifts:** Click *Redeem* on any item (e.g., Workshop Tool Kit or Impact Drill). Points deduct instantly with a corporate dispatch ticket.
- **Step 6 — Reset to Blueprint Values:** Anytime during testing, click **Reset Demo** at the top right to restore the exact 14,850 Pts default state.

2. Progressive Volume Multipliers (High-Basket Bonus Engine)

To incentivize dealers to consolidate fragmented retail demands into unified bulk billing, orders exceeding Rs. 50,000 automatically trigger commercial accelerators:

Customer Sale (Rs.)	Points Issued	Commercial Multiplier & Incentive	Business Objective
Rs. 10,000	100 Pts	Standard Base Accrual (100 Pts / Rs. 10,000)	Baseline linear accrual for standard retail tons.
Rs. 25,000	250 Pts	Linear Transaction Rate	Direct proportionate volume reward.
Rs. 50,000	**600 Pts**	**+20% High-Basket Bonus**	Pushes dealers to combine smaller home builder orders.
Rs. 1,00,000	**1,500 Pts**	**+50% Commercial Accelerator**	Maximizes bulk orders, lowers distribution overhead.

3. Physical Merchandise & Brand Incentives Catalogue

Dealers can redeem points for corporate merchandise dispatched directly to their godown:

Item & Category	Points Required	Specification & Commercial Grade	Fulfillment
Corporate Apparel Branded Polo Shirt	2,000 Pts	Premium dry-fit cotton with Amba Shakti embroidered crest.	Corporate Dispatch
Workshop Tool Kit Heavy-Duty Case	5,000 Pts	46-piece forged carbon-steel socket & wrench kit.	Corporate Dispatch
Impact Drill Machine 13mm Industrial Kit	**10,000 Pts**	750W high-torque motor, metal chuck & hammer mode.	Corporate Dispatch
Smart LED TV 55" 4K Display Unit	**25,000 Pts**	55-inch Ultra HD 4K, HDR10+, Dolby Audio, 3-yr warranty.	Corporate Dispatch
International Travel All-Inclusive Holiday	**1,00,000 Pts**	5 Days / 4 Nights luxury package to Dubai or Thailand (Flights & Stay).	Executive Concierge

4. Two-Way Referral Architecture & Enterprise Safeguards

Tripartite Workflow: End Consumer (shares code AMBA-CUST-8812) ➔ Contractor Onboards (submits mobile OTP & site details) ➔ Dealer Fulfills Invoiced Delivery.
Two-Way Benefit: Consumer earns Rs. 3,000 discount balance; Contractor earns ongoing tier performance credits.

- **1. Contractor Identity Verification:** Mandatory mobile OTP and physical site coordinates logged before binding.
- **2. First Commercial Order Rule:** Referral points remain strictly locked until the contractor's site logs a verified dealer delivery (Zero unearned payouts on signups).
- **3. Reciprocal Benefit Allocation:** Both parties receive locked accrual released simultaneously upon real invoice dispatch.
- **4. Automated Loop & Duplicate Prevention:** Referred contractors cannot cross-refer the original customer or share matching bank/GST details.

Status: Ready for Demonstration | **Local Dev URL:** http://localhost:5173/ | **Mobile Optimized:** iPhone Shell Preview Mode
